TITLE 14—CIVIL AVIATION CIVIL AERONAUTICS AUTHORITY

[Regulation 205-A-2]

NONDISCLOSURE OF INFORMATION OBTAINED BY REPRESENTATIVES OF THE AUTHORITY IN THE COURSE OF EXAMINATIONS, STUDIES AND INVESTIGATIONS

At a session of the Civil Aeronautics Authority held in the City of Washing-

ton, D. C., on the 16th day of November 1938.

Acting pursuant to the authority conferred upon it by the Civil Aeronautics Act of 1938, particularly section 205 (a) thereof, and finding that the regulation hereinafter provided is pursuant to and consistent with the provisions of said Act and necessary to carry out its provisions and to exercise and perform the powers and duties of the Authority under the Act, the Civil Aeronautics Authority hereby makes and promulgates the following regulation:

"Information or documents obtained by officers or employees of the Authority in the course of any examination, study or investigation pursuant to the Act, shall, unless made a matter of public record, be deemed confidential. Officers and employees are hereby prohibited from making such confidential information or documents available to any one other than a member, officer or employee of the Authority, unless the Authority authorizes the disclosure of such information or the production of such documents. Any officer or employee who is served with a subpoena requiring the disclosure of such information or the production of such documents shall appear in response to the subpoena and, unless the authorization described in the preceding sentence shall have been given, shall respectfully decline to disclose the information or produce the documents called for, basing his refusal upon this rule. Any officer or employee who is served with such a subpoena shall promptly inform the Authority through the General Counsel of the service of such subpoena, the nature of the information or documents sought and of any circumstances which may bear upon the desirability of making available such information or documents, and the General Counsel shall promptly advise the Authority."

By the Authority.

[Amendment 31, Civil Air Regulations]

PROVIDING FOR THE RATING AND CERTIFICATION OF CIVILIAN SCHOOLS GIVING INSTRUCTION IN AIRCRAFT AND AIRCRAFT ENGINE MECHANICS

At a session of the Civil Aeronautics Authority held at its office in Washington, D. C., on the 3rd day of October 1939.

Acting pursuant to the authority vested in it by the Civil Aeronautics Act of 1938, particularly sections 205 (a), 601 (a) and 607 of said Act, and finding that its action is desirable in the public interest and is necessary to carry out the provisions of, and to exercise and perform its powers and duties under said Act, the Civil Aeronautics Authority hereby amends the Civil Air Regulations as follows:

Effective January 1, 1940, the Civil Air Regulations are amended by adding a new Part as follows:

PART 53—MECHANIC SCHOOL RATING

Sec.	
53.1	Mechanic school rating certificate requirements.
53.10	Curriculum.
53.11	Mechanic instructors.
53.12	Mechanic instructors, ratio.
53.13	Facilities, equipment and material.
53.2	Student instruction.
53.20	Student examinations.
53.21	Records.

53.22	Reports.
53.23	Graduation certificate.
Sec.	
53.24	Standard of instruction.
53.25	Credit for extra curricular work.
53.3	Mechanic school certificate.
53.30	Application.
53.31	Display.
53.32	Duration.
53.33	Non-transferability.
53.34	Surrender.
53.35	Inspection.
53.4	General rules.
53.40	Advertising.
53.41	Curriculum changes.
53.42	Maintenance of facilities, equipment and material.

§ 53.1 *Mechanic school rating certificate requirements.* To be eligible for a rating as a mechanic school and certification as such an applicant shall comply with the following requirements:

§ 53.10 *Curriculum.* (a) An applicant shall have a curriculum of not less than 1650 hours of instruction in the theory and practice of construction, inspection, maintenance, overhaul, and repair of aircraft, aircraft engines, propellers, and their appliances, and in the contents of the applicable Civil Air Regulations. This curriculum shall be designed to be completed in not less than one year.

(b) The applicant may also secure approval by the Authority of the following additional curricula:

(1) An aircraft curriculum which shall include all subjects appearing in the aircraft and aircraft engine curriculum specifically dealing with aircraft, including the applicable provisions of the Civil Air Regulations. This curriculum shall include not less than 960 hours of instruction and shall be designed to be completed in not less than 8 months.

(2) An aircraft engine curriculum which shall include all subjects appearing in the aircraft and aircraft engine curriculum specifically dealing with aircraft power plants, including the applicable provisions of the Civil Air Regulations. This curriculum shall include not less than 960 hours of instruction and be designed to be completed in not less than 8 months.

(c) Each curriculum described in this section shall provide for instruction in all the subjects necessary properly to qualify the student to perform the duties and functions of the position for which he may seek an airman certificate.

§ 53.11 *Mechanic instructors.* The applicant shall have, for all subjects included in any approved curriculum instructors holding valid mechanic certificates and valid ground instructor certificates, with ratings for each certificate appropriate for the subject or subjects in which such persons give instruction: *Provided*, That the applicant may be deemed to have met this requirement if he shows that any such instruction being given by a person not so rated and certificated is being given under the direct supervision of a full-time instructor with the certificate and ratings required by this section.

§ 53.12 *Mechanic instructors, ratio.* The applicant shall have at least one instructor giving instruction in each subject in an approved curriculum for each 25 students simultaneously receiving instruction in that subject.

§ 53.13 *Facilities, equipment and material.* An applicant shall have the following facilities, equipment, and material:

(a) Suitable classrooms adequate to accommodate the largest number of students scheduled for attendance at any one time. Such classrooms shall be properly heated, lighted and ventilated.

(b) Suitable shop space adequate to accommodate the largest number of students scheduled for attendance at any one time. Such shop space shall be at least 10,000 sq. ft. in area and shall be properly heated, lighted and ventilated.

(c) Material and equipment of the kind and quantity necessary to give each student theoretical and practical training in the use of such material and equipment sufficient to qualify him to perform the duties and functions of the position for which he may seek an airman certificate.

§ 53.2 *Student instruction.*

§ 53.20 *Student examinations.* Upon completion of each subject included in any approved curriculum, each student taking such subject shall be given an appropriate examination. The student's examination, or, in the case of a practical examination, a report thereof, shall be kept by the school as a part of its records for not less than one year from the date of the termination of the student's enrollment.

§ 53.21 *Records.* Certificated mechanic schools shall keep an accurate individual record of each student enrolled therein, which record shall include a chronological log of all instruction, attendance, subjects covered, examinations and examination grades. The entire record shall be certified by an authorized official of the school familiar with the facts contained therein.

§ 53.22 *Reports.* On the first day of January and July of each year and at such other times as the Authority may require, every holder of a mechanic school certificate shall transmit to the Authority a correct and completely executed report on the form prescribed and furnished by the Authority. Such report shall include the following information as to students enrolled in the course or courses approved by the Authority:

(a) The names of all students enrolled.
(b) The course or courses for which they are enrolled.

(c) The names of the students who have been graduated within the period covered by the report and the course or courses from which graduated.

(d) The names of all students dropped from enrollment, within the period covered by the report, and the reasons therefor.

§ 53.23 *Graduation certificate.* Each student graduating from a certificated mechanic school who has satisfactorily completed an approved curriculum shall be given a graduation certificate executed on a form prescribed and furnished by the Authority.

§ 53.24 *Standard of instruction.* The standard of instruction in a certificated mechanic school shall be sufficiently high to insure that an average of eight out of ten of its graduates, who apply within one year after graduation, will qualify for a mechanic certificate and rating corresponding to the curriculum from which they were graduated. This average shall be computed on the basis of the number of students, graduated by the school during each six months' period after January 1, 1940, who apply and are examined for the mechanic certificate and rating corresponding to the curriculum from which they were graduated.

§ 53.25 *Credit for extra-curricular work.* A student who is engaged in a mechanical occupation, the nature of which is comparable to some portion of the curriculum in which he is enrolled, may receive credit for a number of hours equivalent to the experience received, in lieu of such portion of the curriculum: *Provided*, That such credit shall not exceed 400 hours in the 1,650 hour curriculum, nor 200 hours in each 960 hour curriculum.

§ 53.26 *Hours of attendance.* No student shall be given a graduation certificate unless such student has been in attendance not less than 98 percent of the total hours required by the school to complete the approved curriculum for which he was enrolled.

§ 53.3 *Mechanic school certificate.*

§ 53.30 *Application.* Application for a mechanic school certificate shall be made upon the applicable form prescribed and furnished by the Authority, and shall be accompanied by two copies of any proposed curriculum.

§ 53.31 *Display.* A mechanic school certificate shall be presented for inspection upon the reasonable request of any person.

§ 53.32 *Duration.* A mechanic school certificate shall be of 60 days' duration and, unless the holder thereof is otherwise notified by the Authority within such period, shall continue in effect indefinitely thereafter, unless suspended or revoked by the Authority.

§ 53.33 *Non-transferability.* A mechanic school certificate is not transferable.

§ 53.34 *Surrender.* Upon the suspension, revocation, or expiration of a mechanic school certificate, the holder of such certificate shall, upon request, surrender such certificate to any officer or employee of the Authority.

§ 53.35 *Inspection.* The applicant for a mechanic school certificate shall

offer full cooperation with respect to any inspection or examination which may be made of said applicant, its personnel, facilities, equipment, and records, upon proper request by any authorized representative of the Authority prior or subsequent to the issuance of a mechanic school certificate.

§ 53.4 *General rules.*

§ 53.40 *Advertising.* No certificated mechanic school shall in any manner make any statement pertaining to such school which is false or is designed to mislead any person contemplating enrollment in such school: *Provided*, That any advertising which indicates that such school is approved by the Authority shall clearly differentiate between those subjects which have been approved by the Authority and those which have not.

§ 53.41 *Curriculum changes.* No change shall be made in any approved curriculum prior to approval of the change by the Authority. Unless the school is notified to the contrary within 60 days after submission of the proposed change to the Authority, such change will be deemed to have been approved.

§ 53.42 *Maintenance of facilities, equipment and material.* The holder of a currently effective mechanic school certificate shall maintain personnel, facilities, equipment, and material at least equal in quality and quantity to those required for the issuance of such a certificate.

By the Authority.

APPLICATION THE FLORSHEIM SHOE COMPANY, SELBY SHOE COMPANY, G. R. KINNEY COMPANY, INC., MEDWED FOOTWEAR COMPANY, BLUM SHOE MANUFACTURING COMPANY, AND SUNDRY OTHER PARTIES FOR PERMISSION TO EMPLOY LEARNERS IN THE SHOE MANUFACTURING AND ALLIED INDUSTRIES AT WAGE RATES LESS THAN THE APPLICABLE MINIMUM SPECIFIED

NOTICE OF HEARING

Whereas, applications have been made by the Florsheim Shoe Company, Selby Shoe Company, G. R. Kinney Company, Inc., Medwed Footwear Company, Blum Shoe Manufacturing Company, and sundry other parties under Section 14 of the Fair Labor Standards Act of 1938, 52 Stat. 1060, and Regulations, Part 522, as amended (Regulations Applicable to the Employment of Learners pursuant to Section 14 of the Fair Labor Standards Act—Title 29, Labor, Chapter V, Wage and Hour Division) issued by the Administrator thereunder for permission to employ learners in the shoe manufacturing and allied industries at wages less than the applicable minimum wage specified in Section 6 of the Act;

Now, therefore, pursuant to the said Act and Section 522.4 of the said Regulations, notice is hereby given of a public hearing to be held in Room 214, Hutchins Building, 939 D Street NW., Washington, D. C., to commence at 10 A. M. on Monday, November 20, 1939, before Merle D. Vincent, hereby duly authorized as presiding officer to conduct said hearing, to take testimony for the purpose of determining and to determine under the mini-

imum wage rates applicable October 24, 1939:

(a) What, if any, occupation or occupations in the shoe manufacturing and allied industries, require a learning period, and

(b) the factors which may have a bearing upon curtailment of opportunities for employment within the shoe manufacturing and allied industries, and

(c) under what limitations as to wages, time, number, proportion, and length of service special certificates may be issued to employers in the shoe manufacturing and allied industries, for whatever occupation or occupations, if any, are found to require a learning period.

At this hearing opportunity to present evidence relevant to the above questions will be afforded any interested person provided the presiding officer, Merle D. Vincent, Chief of the Hearings and Exemptions Section of the Wage and Hour Division, shall have received from such person, prior to noon, Saturday, November 18, 1939, a notice of intention to appear, setting forth his name and address, the company or organization which he represents, and specifying the branch or branches of the shoe manufacturing and allied industries to which his testimony will be directed and the approximate length of such presentation.

As used in this notice, the term "shoe manufacturing and allied industries" means:

(a) The manufacture or partial manufacture of footwear from any material and by any process except knitting, vulcanizing of the entire article or vulcanizing (as distinct from cementing) of the sole to the upper.

(b) The manufacture or partial manufacture of the following types of footwear, subject to the limitations of paragraph (a), but without prejudice to the generality of that paragraph:

Athletic shoes.
Boots.
Boot tops.
Burial shoes.
Custom-made boots or shoes.
Moccasins.
Puttees, except spiral puttees.
Sandals.
Shoes completely rebuilt in a shoe factory.
Slippers.

(c) The manufacture from leather or from any shoe-upper material of all cut stock and findings for footwear, including bows, ornaments and trimmings.

(d) The manufacture of the following types of cut stock and findings for footwear from any material except from rubber or composition of rubber, molded to shape:

Outsoles.
Midsoles.
Insoles.
Taps.
Lifts.
Rands.
Toplifts.
Bases.

Shanks.
Boxtoes.
Counters.
Stays.
Stripping.
Sock linings.
Heel pads.

(e) The manufacture of heels of any material except molded rubber, but not including the manufacture of wood-heel blocks.

(f) The manufacture of cut upper parts for footwear, including linings, vamps and quarters.

(g) The manufacture of pasted shoe stock.

(h) The manufacture of boot and shoe patterns.

Signed at Washington, D. C., this 3d day of November, 1939.

HAROLD D. JACOBS,
Acting Administrator.

NOTICE OF ORAL ARGUMENT ON RECORD OF HEARING ON MINIMUM WAGE RECOMMENDATION OF THE MILLINERY INDUSTRY COMMITTEE

Whereas, the Notice of Hearing on Minimum Wage Recommendation of the Millinery Industry Committee, published in the FEDERAL REGISTER on September 15, 1939,¹ provided that said hearing would be held before Mr. Paul Sifton, the then Deputy Administrator of the Wage and Hour Division, who was thereby authorized to review the evidence adduced at the hearing and approve or disapprove said recommendation; and

Whereas, said hearing has been held before said Deputy Administrator, and parties thereto have been extended the privilege of filing, on or before November 15, 1939, briefs concerning matters adduced at said hearing; and

Whereas, due to the resignation of said Deputy Administrator, it now appears necessary to revise the procedure relating to the disposition of the minimum wage recommendation of the Millinery Industry Committee; and

Whereas, the said Deputy Administrator has turned over to the Acting Administrator the complete record of the hearing before said Deputy Administrator,

Now, therefore, it is hereby ordered and notice is hereby given that:

1. Oral argument on the complete record of the hearing on the minimum wage recommendation of the Millinery Industry Committee will be held before me, on November 20, 1939, at Room 3229,

¹ 4 F. R. 3926 DI.

United States Department of Labor, 14th Street and Constitution Avenue, Washington, D. C., at 10 A. M.

2. Any person who appeared at the aforesaid hearing in behalf of, or in opposition to, the recommendation of the Millinery Industry Committee, may present such argument, provided that not later than November 18, 1939, such person shall file with me at Washington, D. C., a notice of his intent to appear setting forth the length of time desired for argument.

Signed at Washington, D. C., this 3rd day of November 1939.

HAROLD D. JACOBS,
Acting Administrator.

IN THE MATTER OF CLARENCE A. SOUTHER-
LAND AND JAY SAMUEL HARTT, TRUSTEES
OF THE ESTATE OF MIDLAND UTILITIES
COMPANY

NOTICE OF AND ORDER FOR HEARING

An application pursuant to section 11 (f) of the Public Utility Holding Company Act of 1935, having been duly filed with this Commission by the above-named parties;

It is ordered, That a hearing on such matter be held on November 13, 1939,

at 10:00 o'clock in the forenoon of that day, at the Securities and Exchange Building, 1778 Pennsylvania Avenue, NW., hearing-room clerk in room 1102 will advise as to the room where such hearing will be held. At such hearing, if in respect of any declaration, cause shall be shown why such declaration shall become effective.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice to continue or postpone said hearing from time to time.

Notice of such hearing is hereby given to such declarant or applicant and to any other person whose participation in such proceeding may be in the public interest or for the protection of investors or consumers. It is requested that any person desiring to be heard or to be admitted as a party to such proceeding shall file a notice to that effect with the Washington, D. C. On such day the Commission on or before November 10, 1939.

The matter concerned herewith is in regard to the proposed employment by Clarence A. Southerland and Jay Samuel Hartt, Trustees of the Estate of Midland Utilities Company, a registered holding company, of Day & Zimmermann, Inc. for the purpose of preparing, as requested by applicants, findings and reports, formulating and submitting, as applicants may direct, and as witnesses at the hearings on the amended claims filed by applicants against the Estate of Midland United Company, expert opinion as to the value of certain public utility property and related matters based on said findings and reports, in connection with the anticipated hearing with respect to the claims asserted by the applicants against the Estate of Midland United Company in the aggregate amount of approximately \$80,000,000.

It is stated that Day & Zimmermann, Inc. had in prior years been employed to do work in connection with many matters involving transactions between Midland United Company and Midland Utilities Company, some of which transactions are covered by several of the amended proofs of claim filed by applicants against the Estate of Midland United Company. Consequently, it is believed these engineers have acquired a knowledge of facts and circumstances which will be available for the work now

desired by applicants to be done by them. It is stated that the maximum charges to be made by Day & Zimmermann, Inc. in connection with such employment will be \$6,000 plus \$100 per day for each principal of its organization for testimony presented at hearings.

By the Commission.

Important. Although the apportioned classified civil service is by law located only in Washington, D. C., it nevertheless includes only about half of the Federal Civilian positions in the District of Columbia. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are subject to the Civil Service Act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his State of original residence. Certifications of eligibles are first made from States which are in arrears:

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[General Docket No. 15]

ESTABLISHMENT OF MINIMUM PRICES AND MARKETING RULES AND REGULATIONS; MINIMUM PRICES AS COORDINATED FOR DISTRICTS NOS. 1 TO 20, INCLUSIVE, 22 AND 23

AN ORDER SUBMITTING PRICE CLASSIFICATIONS PROPOSED BY DISTRICT BOARDS FOR COALS OF CODE MEMBERS NOT INCLUDED IN THE PROPOSED COORDINATED PRICE SCHEDULES ISSUED PRIOR TO THE COMMENCEMENT OF THE FINAL HEARING IN THE ABOVE MATTER ON JULY 24, 1939; SUBMITTING COORDINATED MINIMUM PRICES PROPOSED BY THE DIVISION FOR SUCH COALS; AND PROVIDING FOR CONSIDERATION OF SUCH PROPOSED PRICE CLASSIFICATIONS AND PROPOSED COORDINATED MINIMUM PRICES AT SAID FINAL HEARING

The National Bituminous Coal Commission, by Orders No. 245 of July 30, 1938, No. 247 of August 11, 1938, No. 249 and No. 251 of August 20, 1938,¹ having directed each District Board within Minimum Price Areas 1 to 7, inclusive, 9 and 10, to consider and propose to the Commission minimum prices f. o. b. transportation facilities at the mines for kinds, qualities and sizes of coal produced in each district by code members, to propose classifications of coal and price variations therefor, and to submit to the Commission a schedule of such proposed minimum prices, together with the data upon which they are computed; and

The Commission, by Order No. 270 of March 20, 1939,² having directed each District Board in Minimum Price Area 1 through 7, 9 and 10, to consider and propose the price classification of each kind, quality and size of coal produced by each code member within the respective district, for which coal no classification had theretofore been proposed by the District Board, and to submit to the Commission a schedule of such price classifications, together with the data upon which they were predicated; and

The District Boards having duly submitted to the Commission, pursuant to the foregoing Orders or upon their own motion, proposed minimum prices and proposed price classifications for the various kinds, qualities and sizes of coal produced in their respective districts; and

The proposed minimum prices and proposed price classifications for the various kinds, qualities and sizes of coal produced in each of the districts, as approved or modified by the Commission to serve as a basis for coordination, having been coordinated by the District

Boards or by the Commission in lieu of the District Boards, and schedules of such proposed coordinated minimum prices having duly been published in the FEDERAL REGISTER and made known and available to all interested persons; and

Pursuant to Orders of the Commission duly issued in the above-entitled matter on May 1, May 4, May 8, June 23 and June 28, 1939, thereafter adopted, ratified and continued in effect as Orders of the Bituminous Coal Division of the United States Department of the Interior by Order of said Division dated July 8, 1939, and supplemented by Orders of said Division duly issued in the above-entitled matter on July 15 and July 19, 1939,³ a final hearing in the matter of the establishment of minimum prices for the coals produced in Districts No. 1 through 20, 22 and 23 having duly been begun, which hearing is now pending in the hearing room at the Auditorium, North Interior Building, 18th and F Streets NW., Washington, D. C.; and

Additional price classifications, copies of which are annexed hereto and made a part hereof as Schedule A, having been proposed by various District Boards for coals of code members, in the terms and symbols of the price classifications contained in the schedule of minimum prices for the respective district heretofore approved by the Commission to serve as a basis for coordination, which additional proposed price classifications have not been included in the proposed coordinated minimum price schedules issued by the Commission prior to the commencement of the abovementioned final hearing; and

The Division, subject to the provisions of this Order, having proposed coordinated minimum prices for coals of code members classified in Schedule A, which proposed coordinated minimum prices are embodied in a schedule annexed hereto and made a part hereof as Schedule B and which are expressed in terms of the symbols, groups and categories of the proposed coordinated minimum prices for the respective districts as contained in the schedules issued by the Commission prior to the commencement of the said final hearing; and

The Director having determined that the proposed price classifications embodied in Schedule A, and the proposed coordinated minimum prices embodied in Schedule B, should be considered as a part of the subject matter of the said final hearing now in progress, pursuant to the Orders of the Commission and the Division hereinabove referred to;

It is ordered, That on November 20, 1939, at 9:30 o'clock in the forenoon of that day or as soon thereafter as the matter may conveniently be reached, as a part of the subject matter of the hearing now in progress in the Auditorium

of the North Interior Building, 18th and F Streets NW., Washington, D. C., pursuant to the Orders of May 1, May 4, May 8, June 23, June 28, July 8, July 15 and July 19, 1939, hereinabove referred to, evidence and other data will be received pertaining to the proposed price classifications and proposed coordinated minimum prices embodied in Schedules A and B, including such evidence, data and coordination agreements as any District Boards or other interested party may desire to submit to support a coordinated minimum price different from that which is proposed herein, to the end that effective minimum prices may be established for the coals for which classifications and coordinated minimum prices are proposed in Schedules A and B, as well as for coals heretofore classified; and

It is further ordered, That any code member named in Schedule A or B, any District Board, and any other interested party, may appear at the said hearing at the time and place aforesaid and be heard with respect to any pertinent item in said schedules, at such time and to such extent as the Presiding Examiner at such hearing may determine; *Provided*, That any interested party who desires to protest against any price classification or coordinated minimum price contained in said schedules shall file with the Director, on or before November 15, 1939, a written protest setting forth the grounds for his objection; and

It is further ordered, That, except where inconsistent with any provision in this Order, the provisions of all Orders heretofore issued by the Commission or the Division, applicable to the conduct and procedure of the aforesaid final hearing, are hereby made applicable to that portion of the hearing pertaining to the items in Schedules A and B; and

It is further ordered, That copies of Schedules A and B, copies of schedules of minimum prices heretofore approved by the Commission to serve as a basis for coordination, copies of the schedules of proposed coordinated minimum prices issued by the Commission prior to the commencement of the said final hearing, and copies of the errata sheets relating thereto and changes therein introduced or recommended in behalf of the Division at the said hearing, shall be made available by the District Boards and the Statistical Bureaus of the Division for inspection by any interested party at the offices of the District Board or Statistical Bureau. Any interested party who finds it impracticable to inspect copies of such schedules at the said offices may, within ten (10) days from the receipt of this Order, make written request upon the Division, in Washington, D. C., for a copy of the schedule desired.

Dated, October 31, 1939.

[Docket No. 47-FD]

IN THE MATTER OF THE APPLICATION OF THE CAMBRIA CLAY PRODUCTS COMPANY FOR RENEWAL OF ORDER GRANTING EXEMPTION

ORDER GRANTING RENEWAL OF EXEMPTION

The Cambria Clay Products Company, Applicant herein, having on July 20, 1937, filed with the National Bituminous Coal Commission a verified application for exemption with respect to certain bituminous coal produced and consumed by the Applicant, or produced and transported by the Applicant to itself for consumption by it, in the manufacture of clay products at its plant in Blackfork, Ohio; and

The Commission having, on June 6, 1938,¹ entered an order pursuant to such application, in Docket No. 47-FD, ordering that the bituminous coal produced by Applicant at its mines located in Lawrence County, Ohio, which is consumed by Applicant in the manufacture of clay products at Blackfork, Ohio, shall not be deemed subject to the provisions of Section 4 of the Bituminous Coal Act of 1937, and further ordering the Applicant to apply periodically for renewal of said order, and to file such accompanying reports as will enable the Commission to determine whether the facts as found in said order continue to exist; and

Applicant having, on October 27, 1939, filed with the Director of the Bituminous Coal Division a verified application for renewal of said order, which application contains a statement of the quantities of coal produced by the Applicant during the year preceding the filing of the application for renewal, at its mines located in Lawrence County, Ohio, and the portion thereof which is consumed by Applicant in the manufacture of clay products at Blackfork, Ohio, and which application also contains a statement that all of the facts set forth in the application of July 20, 1937, remain true and correct; and

The Director having determined that the conditions supporting the exemption granted by the order of June 6, 1938, continue to exist:

It is ordered, That the application

¹ 3 F.R. 1370 DI.

filed by the Applicant for renewal of said order of June 6, 1938, be and the same is hereby granted;

Provided, however, That the said order of June 6, 1938, and the exemption granted thereby shall automatically terminate and expire:

1. Unless the Applicant, on or before October 2, 1940, files an application for renewal of said order;

2. Unless the Applicant, on the fifteenth (15th) day of each month hereafter, beginning December 15, 1939, files with the Director a verified report containing the following information, which the Director hereby finds to be necessary and appropriate to enable him to determine whether the conditions supporting the exemption continue to exist;

(a) The full name and business address of the Applicant, and the name and location of the mine or mines covered by this application.

(b) The total tonnage of the bituminous coal produced by Applicant during the preceding month at such mine or mines.

(c) The total tonnage of such production which was consumed by Applicant, and the nature and purpose of such consumption.

(d) Whether any changes have occurred in the ownership of the mine or mines from which the coal in question was produced, or in the ownership of the plant, factory or other facility at which the coal was consumed.

(e) Whether there has been a change in the agency or instrumentality through which the coal was being produced at the time the order of June 6, 1938, was entered, and if such change has occurred, the nature thereof.

3. In any event not later than November 2, 1940, or on such earlier date as the Director shall fix after notice and opportunity for hearing; and

It is further ordered, That the Director at any time, upon his own motion or upon the petition of any interested person, may direct the Applicant to show cause why the exemption granted by the said order of June 6, 1938, should not be terminated. Any person filing such a petition shall serve a copy thereof upon the Applicant therein.
